

## Vocational Training & Friendship Evangelism Opportunity - Nepal Cohort #2 - February 2022

(Ten very happy graduates and pictures from our first vocational training cohort in 2021)

### Our Program Designed to Bless

At the heart of this Vocational Training Program is an opportunity for generosity, Christian witness, and the encouragement of new believers that attend the New Revelation Church in Bhaishipati Nepal where Jessi and Naresh, our NLCC supported missionaries serve.

The first cohort of this training in early 2021 funded by NLCC was very well received and was a tremendous success and blessing in the small community. Ten young women received over 200 hours of practical sewing instruction, machine maintenance training and small business coaching. And then beyond their expectations, each young woman was also gifted the sewing machine that they had trained on as well as materials for a final project that allowed them to make a complete new outfit of clothing for themselves or someone in their family; generosity and a blessing that many of these young ladies had never seen.

Women invited to program come from the community of Bhaishipati, a very poor brick making community where life for women is very hard and prospects of work are pretty much limited to unskilled and hard labour. This training, confidence, new friendships, and connection to the church can be life-changing for these young women. They are all incredibly grateful for our support.

We are planning a 2nd cohort of this training in early 2022 and would like to invite 12 young ladies to the program.

### The 2022 Opportunity

- Cohort #2 - We are hoping to begin the program on February 7, 2022 again inside the New Revelation Church building
- The total cost of this program is \$350 per person (\$4,200 target funding); The young ladies are not charged for the program
- We are hoping to invite 12 young women for this second group
- The program will run with 8-12 participants. Funds raised above targeted \$4,200 will seed Cohort #3, if we are underfunded, we will drop the class size, shorten the program by a few weeks and reduce some of the fabric and final project costs.

### How to Give

Funding for this project is quite easy:

- 1) Donate in an NLCC Offering - Use the designated giving envelope & note " *KJ08-Nepal - Vocational Training Project 2022* "
- 2) Send a cheque to YWAM Vancouver: Please add a small note that indicates: " *KJ08-Nepal - Vocational Training Project 2022* "  
Mail to: Y Project Funding Office, PO Box 57100 RPO East Hastings, Vancouver, BC, V5K 5G6 (tax receipt will be mailed), or
- 3) E-Transfer - E-Transfer funds to [admin@projectfunding.ca](mailto:admin@projectfunding.ca) and include a note " *KJ08-Nepal - Vocational Training Project 2022* "  
For a tax receipt; Send a separate email to the same address and provide your name & address (year-end tax receipt will be mailed)

If you have any questions regarding this project, Jessi and Naresh's ministry in Nepal or funding options - Please contact the Canadian project co-coordinator at: [Ronwiebe1972@gmail.com](mailto:Ronwiebe1972@gmail.com)
